WE NEED YOUR HELP

BUILD OUR FUTURE

Every year, we see over 3300 lost and abandoned pets come through our doors and we pride ourselves in responsibly reuniting and rehoming these animals to loving families.

However we are now facing our biggest challenge - to build our own forever home.

Following the news that our current site is slated for redevelopment, we are working towards finding a new place to care for animals in need. We are in a positive place, but we still need your help to raise \$3 million for a purpose built facility to continue our vital work.

We know the challenge is large, but the animals of Sydney need us and with the support of our community, people like you, we know we can achieve anything. After all, it is how we have got this far.

ABOUT SYDNEY DOGS AND CATS HOME

Sydney Dogs and Cats Home (SDCH) was established in 1946 and today, is Sydney's only charity pound that responsibly reunites and rehomes lost and abandoned pets. SDCH is owned and operated by The Sydney Dogs & Cats Home Incorporated

Sydney Dogs and Cats Home is also a pivotal community facility, assisting not only with animal welfare, but also with aged care initiatives, disability care programs, school and higher education assistance and community service programs.

YOUR SUPPORT WILL ENABLE US TO CONTINUE OUR WORK IN...

CARING FOR ANIMALS LIKE MILKSHAKE

Milkshake was taken to a local vet to be euthanized. Knowing the work we do, the vet called us

After breaking her leg on the racetrack,

instead and we gladly took this girl on to fix her leg and rehome her.

Whilst in our care, it was also discovered that Milkshake also had a degenerative eye disease that would render her completely blind in a matter of months.

We spent over **\$5,000** on specialist care and surgery for Milkshake, before finding her the perfect loving family.

CARING FOR ANIMALS LIKE GRACIE

Gracie arrived to us covered in skin cancers that had been

left untreated for years. Her ears were riddled with painful

cancerous sores causing her a great deal of discomfort.

A very delicate operation was undertaken to remove both of Gracie's ears – the only treatment that would end her suffering and ensure her a bright future.

This operation and post-operative care came at a cost of over **\$1,500**.

FUNDRAISING TIPS

FUNDRAISING TIPS CONTINUED...

Set a fundraising goal. **TIP** #1

Having a goal always helps, so be sure to set a target you'd like to reach, and push yourself to go above and beyond it! Not only will having a target keep you motivated, but it also lets your donors know how far you've got to go. This might just get them inspired enough to donate just that little bit more.

TIP #2 Don't underestimate the power of an email.

You'll be surprised how effective sending one email with a simple ask can be.

Be sure to send one to all your contacts (even the ones you haven't seen or spoken to in a while), telling them why you're doing what you're doing, details about the event, and how they can donate to you.

TIP #3 Make it personal.

Don't hold back when sharing your motivations and involvement with SDCH. At the end of the day, the people you ask are donating to support YOU, so letting them know how much their donation means to you, will make a world of difference!

Let people know what their donation will do. **TIP #4**

> Next time you ask people to donate to your fundraiser, suggest an amount and let them know how that specific money will go towards helping SDCH. You can find more information about this on Page. 12.

Share on social. **TIP** #5

Post about your fundraiser on your social media accounts and be sure to let them know how they can donate.

Keep your supporters updated on how your fundraiser is going, and let them know how much more you need to reach your target, and encourage them to help you get there!

TIP #6

Follow up.

A little reminder nudge never hurt anyone, so don't hesitate to follow up a mate who promised a donation but hasn't yet.

Everyone seems to be more and more busy nowadays, so it's common for people to put things off and forget, so they'd probably appreciate your reminder.

TIP #7 Get others involved.

Recruit others to help with your fundraising if they're up for it, even if it's just asking them to share your social media post, or forwarding your email to their connections.

The more people who see your fundraising efforts, the more chances of getting donations!

TIP #8

Say Thank You.

A no brainer, but a total must-do! Be sure to also let every donor know how much their donation means to you, and let everyone know how much you raised at the end of the fundraiser.
