

FOLLOW MY JOURNEY WITH SYDNEY DOGS AND CATS HOME...

I WAS LOST AND VERY SCARED

As soon as an animal arrives into the care of Sydney Dogs and Cats Home, the process of locating an owner begins with a photo on the website.

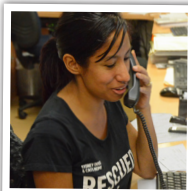

1

Staff check for a microchip. Any animals unable to be identified receive an initial health check by our Vet and vaccination on entry.

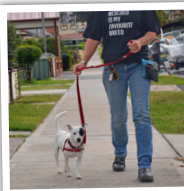

I DIDN'T HAVE A MICROCHIP TO FIND WHO I BELONGED TO

LOTS OF CALLS CAME IN BUT NONE OF THEM WERE MY OWNERS

Staff contact owners if a microchip is found and continue to take calls every day from people who have lost their pets.

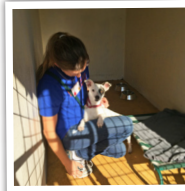

3

I LOVE GOING FOR WALKS TO CHECK OUT THE SIGHTS

During their stay, devoted volunteers will walk a dog up three times a day.

5

I GET TWO AREAS TO SLEEP AND PLAY (OR CUDDLE) IN.

An important part of an animal's stay is quality enrichment where volunteers spend play time with each animal.

7

MAKE SURE YOU GET MY BEST ANGLE, JOHN!

No stay at Sydney Dogs and Cats Home is complete without a glamour photoshoot to show-off their best assets.

9

Sydney Dogs and Cats Home pride ourselves on getting to know each animal to make the best match for their forever home.

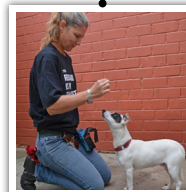

I'M ALL READY TO GO HOME WITH MY NEW FAMILY

THE VET SAID I WAS FIT AND HEALTHY FOR A NEW HOME

I GET YUMMY FOOD, TOYS AND BLANKETS FOR MY STAY

I'M LEARNING TO SIT WITH POSITIVE REINFORCEMENT

*AVERAGE WAIT TIME FOR ADOPTION AT SYDNEY DOGS AND CATS HOME IS FOUR WEEKS.
