

FOLLOW MY JOURNEY WITH SYDNEY DOGS AND CATS HOME...

I WAS LOST AND VERY SCARED

As soon as an animal arrives into the care of Sydney Dogs and Cats Home, the process of locating an owner begins with a photo on the website.

1

Staff check for a microchip. Any animals unable to be identified receive an initial health check by our Vet and vaccination on entry.

I DIDN'T HAVE A MICROCHIP TO FIND WHO I BELONGED TO

LOTS OF CALLS CAME IN BUT NONE OF THEM WERE MY OWNERS

Staff contact owners if a microchip is found and continue to take calls every day from people who have lost their pets.

2

I LOVE GOING FOR WALKS TO CHECK OUT THE SIGHTS

During their stay, devoted volunteers will walk a dog up three times a day.

3

I GET TWO AREAS TO SLEEP AND PLAY (OR CUDDLE) IN.

An important part of an animal's stay is quality enrichment where volunteers spend play time with each animal.

4

MAKE SURE YOU GET MY BEST ANGLE, JOHN!

No stay at Sydney Dogs and Cats Home is complete without a glamour photoshoot to show-off their best assets.

5

Sydney Dogs and Cats Home pride ourselves on getting to know each animal to make the best match for their furr-ever home.

6

THE VET SAID I WAS FIT AND HEALTHY FOR A NEW HOME

I GET YUMMY FOOD, TOYS AND BLANKETS FOR MY STAY

I'M LEARNING TO SIT WITH POSITIVE REINFORCEMENT

I'M ALL READY TO GO HOME WITH MY NEW FAMILY

*AVERAGE WAIT TIME FOR ADOPTION AT SYDNEY DOGS AND CATS HOME IS FOUR WEEKS.
